

## Certificate of Analysis

### HSV-2 PBS lysate antigen

**Description:** A high concentration of HSV-2 particles and proteins from a clarified crude lysate.

**Product code:** HS204

**Virus:** Herpes Simplex Virus type 2

**Batch number:** 16011214

**Amount per vial:** 1ml

**Protein conc.:** 1.32 mg/ml (by BCA assay)

**Purity:** PBS cell lysate, freeze/thawed and clarified by centrifugation

**Buffer:** PBS + 0.1% Triton x-100

**Inactivation:** 0.1% Triton x-100.

**Usage advice:** Avoid repeated freeze/thawing. Vortex before use.

**Short term storage:** Store frozen at less than -20°C, preferably -80°C

**Long term storage:** Store frozen at less than -20°C, preferably -80°C

**Shipping:** Dry ice
