

## Parvalbumin

Cat.No. 195 002; Polyclonal rabbit antibody, 200 µl antiserum (lyophilized)

### Data Sheet

Reconstitution/ Storage	200 µl antiserum, lyophilized. For reconstitution add 200 µl H <sub>2</sub> O, then aliquot and store at -20°C until use.
Applications	<b>WB:</b> 1 : 5000 up to 1 : 10000 (AP staining) (see remarks) <b>IP:</b> yes <b>ICC:</b> not tested yet <b>IHC:</b> 1 : 100 up to 1 : 500 <b>IHC-P/FFPE:</b> 1 : 500
Immunogen	Recombinant protein corresponding to AA 1 to 133 from rat Parvalbumin
Reactivity	Reacts with: human (P20472), rat (P02625), mouse (P32848), grasshopper. Other species not tested yet.
Specificity	Specific for parvalbumin.
matching control	195-0P
Remarks	<b>WB:</b> Due to its small size a tricine gel is recommended.

### TO BE USED IN VITRO / FOR RESEARCH ONLY NOT TOXIC, NOT HAZARDOUS, NOT INFECTIOUS, NOT CONTAGIOUS

**Parvalbumin** is a small, acidic, calcium binding protein and belongs to the family of EF hand proteins. The protein is found in skeletal muscle and the brain of vertebrates where it locates to a specific population of GABAergic interneurons. This subset of neurons may contribute to maintaining the balance between excitation and inhibition in the cortex and the hippocampus.
